

YOUTH MENTAL HEALTH FIRST AID

THE 14-HOUR YOUTH MENTAL HEALTH FIRST AID COURSE

This course teaches adults how to assist adolescents who are experiencing a mental health crisis or developing a mental health problem.

What is Mental Health First Aid?

Mental health first aid is the help given to someone developing a mental health problem or in a mental health crisis. The first aid is given until appropriate professional treatment is received or until the crisis resolves.

What is the Youth Mental Health First Aid course?

The second edition Youth Mental Health First Aid (MHFA) course is based on the international MHFA Guidelines. These guidelines were developed using consensus of mental health consumers, carers and professionals from English-speaking developed countries. Further information here: www.mhfa.com.au/Guidelines.shtml.
